Important events to be reported: Information on litigation involving the company

The company informs the shareholders and investors with regard to the action registered on the dockets of the Bucharest Tribunal, Administrative and Fiscal Dispute Department against the Bucharest City Hall, the Bucharest District 1 City Hall and the National Forest Administration Romsilva, in order to determine such institutions to comply with the obligations undertaken by the decisions of the Bucharest Municipality General Council, those of the District 1 Local Council and those of the donation acceptance deed concluded with IMPACT and to open definitively the public access between Privighetorilor Alley and Pădurea Pustnicu Road.

The decision to take legal action was made further to the authorities' delay in the procedure for the definitive reopening of public access to Vadul Moldovei road, in accordance with their legal obligations, and as a result of ungrounded statements made by representatives of such institutions whose duty was to resolve, and not to hinder, this process.
